Citizens of the European Union! We are anonymous. For a long time we stood off the grid, remained neutral and silently watched the Ukrainian authorities forging their way to gain the confidence of the European community, deftly hiding true face behind masks of lies and hypocrisy. The time has come to put an end to the fraud. Despite demonstrated loyalty, good-neighborliness and alleged commitment to the European values, the Ukrainian authorities are openly persecuting the Polish population within their country. The right to self-determination of the Polish minority in Volyn region of Ukraine has been practically destroyed. Polish language along with any Polish attributes in the region are prohibited, the authorities strictly suppress any attempts by local Poles to hold meetings. The most vocal representatives of the Polish minority in Ukraine become subject to illegal surveillance, prime suspects in fabricated criminal cases and unfortunate victims of accidents and armed attacks. Under the pretext of inspections

of lies, hypocrisy and pretense from the Ukrainian authorities! We warn the government of Ukraine! No one will go unpunished! In the nearest future, we are going to start publishing personal data of all Ukrainian citizens involved in encroaching on the rights of Polish people in Ukraine. And we will keep doing it until the harassment of Poles is stopped. This is not a threat, it is a promise. We are anonymous. We are legion. We do not forgive. We do not forget. Expect us.
